BREEZA

the smart and sensitive energy saver

Save 30% of your electrical consumption by controlling your Heating, Ventilation and Air-Condition systems with **BREEZA**.*

Mr. W. is out of his office but the air conditioner is still on at full capacity. What a waste of electricity !

Mr. S. is also out of his office but **BREEZA** has sensed this and has turned down the air-conditioning, Using less electricity !

BREEZA is all you need in a room:

- Regulates the **temperature**
- Controls the **air-conditioner** efficiently
- Turn the **lights** on and off
- Opens and shuts **shutters**
- Senses** that you are out of the room
- Shuts down air-conditioner when you open a **window**
- Remote control** operatable
- Central control** and monitoring
- Displays** the temperature
- Helps to keep our **planet clean** by reducing energy consumption

*The actual saving may vary from one location to another.

A SUMMER DAY WITH BREEZA .

I WORK IN A SMART  THAT HAS  INSTALLED. THIS MEANS THAT IN THE **SUMMER** , MY WORK DAYS ARE COOL, CALM AND ENERGY EFFICIENT. AS I  TO WORK I FEEL THAT IT'S GOING TO BE A VERY  DAY... MMM, MY ROOM IS  -  HAS TURNED ON THE AIR-CONDITIONER JUST BEFORE I ARRIVED. ALL MY SALES-AGENTS WENT OUT TO  .  SENSED THAT THEY HAD LEFT AND TURNED DOWN THE AIR-CONDITIONING. WHAT A WASTE OF ENERGY IT WOULD HAVE BEEN WITHOUT  ... I'M OUT FOR A QUICK  ,  IS SAVING ELECTRICITY WHILE MAKING SURE MY ROOM DOES NOT GET TOO  UNTIL I GET BACK. IT'S  , AND I'M STILL  .  HAS TURNED OFF THE AIR CONDITIONER AND THE  IN THE ENTIRE  BUT WILL TURN THEM OFF IN MY ROOM ONLY AFTER I LEAVE. I HAVE  AT HOME TOO, SO MY  WILL BE  WHEN I GET THERE . GOOD  .

- Specials:**
- User Limitation of Temperature Range
 - Central Control
 - Frost / Heat Protection
 - Modes:
 - Normal
 - Set Back
 - Standby
 - Night
 - Emergency

Office buildings
Hotels
Hospitals
Universities
Schools
Retirements Homes

Apps.:
Heat pumps
Fan coils
Unit ventilators
VAV
Heating systems
Energy control

Spec.: 2-PIPE FAN COIL AND ELECTRICAL HEATING

- EIB Communication.
- 8 Control Push Buttons.
- 8 Function Indication LEDs
- Digital Display.
- Electronic local or remote Temperature Sensing.
- Supplies 12V to Presence Detector.
- 5 Relay outputs 6A/230V controlling the HVAC system.
- Two dry Contact Inputs from Presence Detector, Door or Window Microswitch.
- Infrared Sensor enables operation from hand held IR Remote Control.
- Flexible hardware and software controls a wide range of Heating, Ventilation and Air Condition Systems.
